Would you please tell us how we did today?

What a wonderful experience. Having had 3 conventional MRI's done in a hospital setting this by far was the easiest with the least amount of anxiety.

Is there anything in particular that stood out?

The staff is kind caring and listened to what I was telling them. The sleep mask which made me feel like one of the "Richard Famous" was also so helpful.

Is there an area in which you believe we could improve upon?

nothing it was perfect.
Thanks so much.
