Would you please tell us how we did today?

The staff were friendly, knowledgeable, and courteous. They treated my 9 yr old son like family. The staff did everything to comfort, and make this MRI less scary.

Is there anything in particular that stood out?

The staff were amazing! They made my son feel less anxious with humour and compassion. We were in and out in less than 25 min. The tech even stayed with him the whole time, and he got to listen to his favorite singer.

Is there an area in which you believe we could improve upon?

Absolutely Not! Please keep doing what you are doing. This was by far the best experience I have ever had. If this test is ever required again, I will not hesitate to come back.
